Strong Performance, Optimistic Outlook

Apollo Hospitals Enterprise Ltd (Apollo) operates the largest network of hospitals in India with 73 centres and more than 6,000 pharmacies.

- Apollo's consolidated revenue rose 15.6% YoY to Rs. 5,628cr in Q2FY25, driven by notable growth across segments.
- Healthcare services rose 13.8% YoY to Rs. 2,920cr due to a 13% increase in revenue from insured patients and a 15% rise from patients making cash payments.
 The two sources together account for 83% of the hospital's inpatient revenue.
- Revenue from digital health and pharmacy distribution climbed 17.3% YoY to Rs. 2,282cr, with average daily orders through pharma and diagnostic consultations increasing from 62,000 per day in Q2FY24 to 76,000 per day in Q2FY25.
- Offline pharmacy distribution revenue stood at Rs. 2,014cr, while Apollo's digital platform generated Rs. 268cr. Retail health and diagnostics also saw revenue growth of 14.0% YoY to Rs 404cr, driven by higher footfalls.
- EBITDA surged 31.4% YoY to Rs 854cr and margin improved 190bps to 15.2% owing to a higher topline and reduced employee costs as a percentage of revenue.

Outlook & Valuation

Apollo delivered a strong financial performance in Q2FY25 on the back of robust revenue growth, an expanding hospital network and innovative healthcare services. Its expansion plans, including the development of a 500-bed hospital at Worli, Mumbai, and the addition of 200 beds at its Lucknow facility, would increase the number of operational beds by 1,400 across key metro markets by FY26, driving growth and profitability. In addition, Apollo's focus on digital health and diagnostics services is expected to lead to strong growth, while its integrated operations are anticipated to improve operational efficiency and drive synergies. With a strong execution record and growing presence in key metro markets, Apollo is poised to deliver strong returns. Hence, we reiterate our BUY rating on the stock with a revised target price of Rs. 7,764 based on the SOTP valuation.

Key concall highlights

- The Average Revenue Per Occupied Bed (ARPOB) increased by 3% YoY to Rs. 59,011 in Q2FY25. The management expects that an increase in surgical volume, along with a favorable case and payer mix, will support future ARPOB growth. Moreover, occupancy rates improved to 73%, up from 68% in Q2FY24
- Inpatient volumes grew 8%, with strong growth in tertiary care specialties like neuroscience, oncology and gastroenterology. This growth was despite challenges such as reduced patient flow from Bangladesh, disruptions in Kolkata and flooding in Mumbai and Ahmedabad.
- Apollo Hospital opened a new multispecialty hospital in Chirala, Andhra Pradesh, expanding its reach and offering advanced healthcare to the area.
- The expansion plans, including a 500-bed hospital in Worli, Mumbai, and the addition of 200 beds at its Lucknow facility.
 The expansion in Lucknow will take place on land acquired next to the existing facility.
- Apollo Hospital is set to open six facilities with over 1,400 operational beds across key metro markets like NCR, Hydera-bad, Kolkata, Pune and Bengaluru by FY26. The company plans to begin the operation of these 1,400 beds in phases over 12 months, ensuring no significant downside to EBITDA margins.
- Apollo Prostate Institute has introduced water vapour thermotherapy for treating enlarged prostate, adding another innovative treatment option to urological care.
