## Operational performance in line; lower finance cost and higher other income drive APAT beat

- Vedanta (VEDL) reported consolidated net sales of INR378b (+6% YoY and -7% QoQ), in line with our estimates. The QoQ growth was driven by softer output commodity prices and lower volumes.
- VEDL's consolidated EBITDA came in at INR99b (flat YoY and -14% QoQ), in line with our estimate of INR100b. EBITDA was driven by lower output commodity prices and volumes, partially offset by lower input costs. EBITDA margin for 1QFY26 stood at 26.2%, compared to 28.3% in 4QFY25 and 27.8% in 1QFY25.
- APAT for the quarter stood at INR32b (-12% YoY and -9% QoQ), beating our estimate of INR25b, led by lower finance cost and higher other income.
- Gross debt stood at INR803.6b, while net debt stood at INR582.2b, implying net debt/EBITDA of 1.3x in 1QFY26 vs 1.2x in 4QFY25.

### Segment highlights

#### Aluminum:

- VEDL produced 605kt of Aluminum, registering +1% YoY growth and remaining flat QoQ, whereas Alumina production from the Lanjigarh refinery grew 9% YoY and 36% QoQ to 587kt in 1QFY26.
- Net sales stood at INR146b (+8% YoY and -9% QoQ), in line with our est.
- Reported EBITDA came in at INR44.6b (flat YoY and -4% QoQ), in line with our est. of INR44.1b during the quarter.
- The aluminum cost of production stood at USD1,765/t (+3% YoY and -12% QoQ).

#### Zinc India (HZL):

- Revenue stood at INR77.7b (-4% YoY and -15% QoQ), in line with our est. of INR75.7b in 1QFY26. The decline was driven by lower volumes and commodity prices, which were offset by higher silver and by-product prices with a stronger dollar.
- EBITDA came in line at INR38.6b (-2% YoY and -20% QoQ) during the quarter. EBITDA margin softened to 49.7% in 1QFY26 vs 53% in 4QFY25 and 48.5% in 1QFY25. The decline was primarily on account of weak volumes and softened commodity prices.
- Zinc COP for the quarter stood at USD1,010/t, declining 9% YoY (+2% QoQ), due to improved metal grades, better domestic coal, and renewable energy consumption.
- APAT stood at INR22.3b (-5% YoY and -25.6%) against our est. of INR21.5b.
- Mined metal for the quarter stood at 265kt (flat YoY and -15% QoQ), led by mine preparation activities being carried out.
- Refined metal production stood at 250kt (-5% YoY and -7% QoQ - Refined zinc/lead production of 202/48kt), in line with plant availability and attributed to maintenance activities.
- Saleable silver production declined 11% YoY and 16% QoQ to 149kt, majorly due to lower silver input from the SK mine and in line with lead production.

Motilal Oswal research is available on [www.motilaloswal.com/Institutional-Equities](http://www.motilaloswal.com/Institutional-Equities), Bloomberg, Thomson Reuters, Factset and S&P Capital.

#### Zinc International:

- Mined metal production surged 54% YoY and 14% QoQ to 57 kt, driven by higher input treated at Gamsberg and higher BMM lead and zinc grades.
- In 1QFY26, revenue stood at INR11.5b, up 53% YoY and 4% QoQ; EBITDA came in at INR4b, up 128% YoY and 4% QoQ, led by CoP declining 21% YoY to USD1,269/t (flat QoQ) in 1QFY26.

#### Copper:

- Copper cathodes production stood at 44kt, up 120% YoY and 2% QoQ in 1QFY26.
- Revenue came in at INR64b (+34% YoY and +3% QoQ) in 1QFY26.
- EBITDA reported a loss of INR260m in 1QFY26, against the loss of INR570m in 1QFY25 and INR490m in 4QFY25.

#### Iron Ore:

- Saleable ore production stood at 1.8mt, up 38% YoY and down 14% QoQ; Pig Iron production was at 213kt, up 4% YoY and QoQ.
- Revenue stood at INR13.3b (+1% YoY and -13% QoQ), while EBITDA stood at INR2b (+11% YoY and -34% QoQ).

#### Highlights from the management commentary

- Despite soft global commodity prices, management remains optimistic over domestic pricing, led by strong domestic demand for aluminum and zinc.
- Power realizations at Meenakshi and Athena are expected to remain strong at INR5-5.7/unit, supported by short-term PPAs.
- Domestic market demand remains a key lever, with 75% of zinc and 65% of aluminum sales consumed within India, limiting the exposure to US tariffs.
- Vedanta expects aluminum CoP to fall below USD1,700/t in 2HFY26, aided by higher captive alumina share and low power costs. Alumina cost is likely to decline USD80-100/t over the next two quarters, driven by increased output from Lanjigarh. ~ 60% of the cost reduction will come from the increased captive mix at Lanjigarh, while the remaining 40% will be due to softer market alumina prices.
- Power cost is projected to remain at around USD500/t, though 2QFY26 may see a temporary rise due to planned maintenance at power plants.

#### Valuation and view

- VEDL's 1QFY26 performance came largely in line across segments. Capex plans are progressing well and will likely lead to further cost savings.
- Management targets to maintain strong growth in earnings, led by the upcoming capacity, which will produce higher VAP products. VEDL remains firm on its deleveraging plans, and going forward, higher cash flows will support both its expansion plans and deleveraging efforts. **The stock currently trades at 5x FY27E EV/EBITDA. We have maintained our estimates for FY26/27. We reiterate our Neutral rating on the stock with a SoTP-based TP of INR480.**

## Conference call takeaways

### Capacity update and expansion plan

- Lanjigarh Train-1 is ramping up steadily; the commissioning of Train-2 is planned for 2QFY26, which will boost captive alumina availability.
- At Zinc International, the Hamstrap Phase 2 expansion project is expected to be commissioned by Dec'25 and likely to get fully ramped up by 4QFY26, contributing significantly to Zinc International's overall output. The project includes a 4mtpa ROM plant, which is being debottlenecked for an extra 10% throughput.
- With the completion of this phase-II expansion, the operational mine capacity at Zinc International will rise to 525ktpa.
- VEDL targets 2.8-2.85mtpa of aluminum metal capacity via debottlenecking at BALCO and Jharsuguda, and the execution time is estimated to be 18 months.
- VEDL plans to add 1,300MW of merchant power capacity by FY26 through its Meenakshi and Athena power plants. In Jul'25, 350MW was commissioned at Meenakshi (Unit 3) and 600MW at Athena (Unit 1).
- Another 315 MW at Meenakshi (Unit 4) is expected to be commissioned in Aug'25 and the second 600 MW unit of Athena is scheduled for commissioning in Q4FY26, taking total new capacity to 1,865 MW for the year.
- VEDL aims to restore production to 95-100 kbopd in FY26 via infill drilling and field enhancement. The ASP (Alkaline-Surfactant-Polymer) injection project has started in the Mangala field and volume uplift is expected in the next 3-4 quarters.
- The company has received a strategic mineral license in Saudi Arabia's Jabal Sayid belt, with 25-30 MT resource potential at 1.3% Cu and 3g/t Au. An USD2b

investment is planned for a 400ktpa copper smelter and 300ktpa copper rod plant.

- Land has been acquired and the EPC contractor finalized for the copper rod plant; final approvals for the smelter are in progress.

#### **Guidance**

- The aluminum business is on track to achieve ~3.1mt of alumina and 2.8mt of metal production by FY26-FY27E.
- Despite soft global commodity prices, management remains optimistic over domestic pricing, led by strong domestic demand for aluminum and zinc.
- Power realizations at Meenakshi and Athena are expected to stay strong at INR5-5.7/unit, supported by short-term PPAs.
- Domestic market demand remains a key lever, with 75% of zinc and 65% of aluminum sales consumed within India, limiting the exposure to US tariffs.
- VEDL expects aluminum CoP to fall below USD1,700/t in 2HFY26, aided by higher captive alumina share and low power costs. Alumina cost is likely to decline USD80-100/t over the next two quarters, driven by increased output from Lanjigarh. ~ 60% of the cost reduction will come from an increased captive mix at Lanjigarh, while the remaining 40% will be due to softer market alumina prices.
- Power cost is projected to remain at around USD500/t, though 2QFY26 may see a temporary rise due to planned maintenance at power plants.
- Oil & gas opex is expected to stay low at USD15-16/bbl, supported by optimized polymer and chemical use.
- Management guided the mining segment's margins to remain strong, continuing the current USD49/t level.

#### **Other highlights**

- Vedanta Resources' debt decreased to USD4.8b as of Jun25, with ongoing deleveraging efforts.
- The 3% brand fee will continue till 2029, with no plans for adjustment.
- The Ministry of Petroleum raised concerns during the NCLT hearing, but management is optimistic about a favorable outcome (Sept-Oct'25 completion timeline).
- VEDL secured two additional mining blocks for critical minerals (including nickel, chromium, cobalt, vanadium, manganese, tungsten, gold, and rare earth elements), increasing its total to 10 blocks since the launch of India's critical minerals mission.

#### **Hindustan Zinc – Key management commentary**

##### **Performance guidance**

- RE share during 1QFY26 stood at 19% of the total energy mix, compared to 13% in FY25. The coal mix stood at 50% for domestic vs. 45% for imported in 1QFY26.
- The reduction in CoP during 1QFY26 was on account of better mine grade, higher RE share via Serentica, and higher domestic coal usage amid muted imported coal prices.
- On account of improving efficiencies, the company is confident of achieving the lower end of its full-year cost guidance (USD1,025-1,050/t).
- Saleable silver production was lower than expected due to lower metal production and lower silver grades (88ppm vs. ~93-98ppm last year).

- The completion of debottlenecking projects and commissioning of a new roaster in 2QFY26 will boost silver and metal production, supporting HZ to meet the FY26 guidance of 700-710t.

### Capacity update/capital allocation

- The 510kt DAP/NPK fertilizer plant at Chanderiya is in progress and will be commissioned by 1QFY27 (earlier 2QFY26). Out of the total FY26 capex of INR12b, HZ has already spent INR10b.
- Ramp-up is expected to take 2-3 months, with full operations likely in 2HFY27. Revenue potential is expected at INR20-25b and EBITDA at INR4-4.5b.
- Management expects 160ktpa roaster at Debari to be commissioned in 2QFY26 (earlier 1QFY26).
- It has completed debottlenecking at Dariba Smelting Complex. The Chanderiya Lead Zinc smelter debottlenecking is expected to be completed by 2QFY26.
- The hot acid leaching technology innovative for lead (27mtpa) and silver (6ktpa) recovery from smelting waste at Dariba will be completed by 4QFY26.
- The Bamnnia Kalan mine is under development (40-45% complete) and expected to be operational by late 2026 or early 2027, with grades projected to be at 8-9% (stands between RD and SK mines).
- In Jun'25, HZ announced integrated refined metal capacity expansion plans of 250ktpa, along with matching mines & mills capacity, with an investment of INR120b (guidance: INR35b - FY26, INR50b - FY27, and the rest in FY28). The expansion is expected to be completed in the next 36 months.
- Orders for a 250ktpa smelting complex have been placed, with mining orders to follow within 10-15 days and concentrator orders by mid-Aug'25.
- Phase-II aims to double the refined metal capacity to 2mtpa (1.6/0.4mtpa - Zinc/Lead, respectively) and silver capacity to 1.5ktpa. Management guided that the planning of phase-II is completed and all orders will be placed by Sep'25.

### Other highlights

- The company has guided to distribute surplus cash after capex, maintaining a balance between leveraging and dividend payouts (brand fees payment of INR5b in 1QFY26).
- HZ has secured licenses for potash (Rajasthan), tungsten (AP), and rare earth blocks (UP). The potash block will complement the fertilizer business, while preliminary studies are ongoing for the tungsten/rare earth block.
- Long-term grade deterioration at mines like Rampura Agucha, SK, and RD is being managed through a strategic mining and new mine development (e.g., Bamnnia Kalan).

#### Disclosures

The following Disclosures are being made in compliance with the SEBI Research Analyst Regulations 2014 (herein after referred to as the Regulations).

Motilal Oswal Financial Services Ltd. (MOFSL) is a SEBI Registered Research Analyst having registration no. INH000000412. MOFSL, the Research Entity (RE) as defined in the Regulations, is engaged in the business of providing Stock broking services, Depository participant services & distribution of various financial products. MOFSL is a listed public company, the details in respect of which are available on [www.motilaloswal.com](http://www.motilaloswal.com). MOFSL (erstwhile Motilal Oswal Securities Limited - MOSL) is registered with the Securities & Exchange Board of India (SEBI) and is a registered Trading Member with National Stock Exchange of India Ltd. (NSE) and Bombay Stock Exchange Limited (BSE), Multi Commodity Exchange of India Limited (MCX) and National Commodity & Derivatives Exchange Limited (NCDEX) for its stock broking activities & is Depository participant with Central Depository Services Limited (CDSL) National Securities Depository Limited (NSDL), NERL, COMRIS and CCRL and is member of Association of Mutual Funds of India (AMFI) for distribution of financial products and Insurance Regulatory & Development Authority of India (IRDA) as Corporate Agent for insurance products. Details of associate entities of Motilal Oswal Financial Services Limited are available on the website at <http://online.reports.motilaloswal.com/Dormant/documents/List%20of%20Associate%20companies.pdf>

MOFSL and its associate company(ies), their directors and Research Analyst and their relatives may; (a) from time to time, have a long or short position in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein. (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions.; however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report.

MOFSL and / or its affiliates do and seek to do business including investment banking with companies covered in its research reports. As a result, the recipients of this report should be aware that MOFSL may have a potential conflict of interest that may affect the objectivity of this report. Compensation of Research Analysts is not based on any specific merchant banking, investment banking or brokerage service transactions. Details of pending Enquiry Proceedings of Motilal Oswal Financial Services Limited are available on the website at <https://galaxy.motilaloswal.com/ResearchAnalyst/PublishViewLitigation.aspx>

A graph of daily closing prices of securities is available at [www.nseindia.com](http://www.nseindia.com), [www.bseindia.com](http://www.bseindia.com). Research Analyst views on Subject Company may vary based on Fundamental research and Technical Research. Proprietary trading desk of MOFSL or its associates maintains arm's length distance with Research Team as all the activities are segregated from MOFSL research activity and therefore it can have an independent view with regards to Subject Company for which Research Team have expressed their views.

#### Regional Disclosures (outside India)

This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL & its group companies to registration or licensing requirements within such jurisdictions.

#### For Hong Kong:

This report is distributed in Hong Kong by Motilal Oswal capital Markets (Hong Kong) Private Limited, a licensed corporation (CE AYY-301) licensed and regulated by the Hong Kong Securities and Futures Commission (SFC) pursuant to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) "SFO". As per SEBI (Research Analyst Regulations) 2014 Motilal Oswal Securities (SEBI Reg. No. INH000000412) has an agreement with Motilal Oswal capital Markets (Hong Kong) Private Limited for distribution of research report in Hong Kong. This report is intended for distribution only to "Professional Investors" as defined in Part I of Schedule 1 to SFO. Any investment or investment activity to which this document relates is only available to professional investor and will be engaged only with professional investors." Nothing here is an offer or solicitation of these securities, products and services in any jurisdiction where their offer or sale is not qualified or exempt from registration. The Indian Analyst(s) who compile this report is/are not located in Hong Kong & are not conducting Research Analysis in Hong Kong.

#### For U.S.

Motilal Oswal Financial Services Limited (MOFSL) is not a registered broker - dealer under the U.S. Securities Exchange Act of 1934, as amended (the "1934 act") and under applicable state laws in the United States. In addition MOFSL is not a registered investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the "Advisers Act" and together with the 1934 Act, the "Acts"), and under applicable state laws in the United States. Accordingly, in the absence of specific exemption under the Acts, any brokerage and investment services provided by MOFSL, including the products and services described herein are not available to or intended for U.S. persons. This report is intended for distribution only to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the Exchange Act and interpretations thereof by SEC (henceforth referred to as "major institutional investors"). This document must not be acted on or relied on by persons who are not major institutional investors. Any investment or investment activity to which this document relates is only available to major institutional investors and will be engaged in only with major institutional investors. In reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act") and interpretations thereof by the U.S. Securities and Exchange Commission ("SEC") in order to conduct business with Institutional Investors based in the U.S., MOFSL has entered into a chaperoning agreement with a U.S. registered broker-dealer, Motilal Oswal Securities International Private Limited, ("MOSIPL"). Any business interaction pursuant to this report will have to be executed within the provisions of this chaperoning agreement.

The Research Analysts contributing to the report may not be registered /qualified as research analyst with FINRA. Such research analyst may not be associated persons of the U.S. registered broker-dealer, MOSIPL, and therefore, may not be subject to NASD rule 2711 and NYSE Rule 472 restrictions on communication with a subject company, public appearances and trading securities held by a research analyst account.

#### For Singapore

In Singapore, this report is being distributed by Motilal Oswal Capital Markets (Singapore) Pte. Ltd. ("MOCMSPL") (UEN 201129401Z), which is a holder of a capital markets services license and an exempt financial adviser in Singapore. This report is distributed solely to persons who (a) qualify as "institutional investors" as defined in section 4A(1)(c) of the Securities and Futures Act of Singapore ("SFA") or (b) are considered "accredited investors" as defined in section 2(1) of the Financial Advisers Regulations of Singapore read with section 4A(1)(a) of the SFA. Accordingly, if a recipient is neither an "institutional investor" nor an "accredited investor", they must immediately discontinue any use of this Report and inform MOCMSPL.

In respect of any matter arising from or in connection with the research you could contact the following representatives of MOCMSPL. In case of grievances for any of the services rendered by MOCMSPL write to [grievances@motilaloswal.com](mailto:grievances@motilaloswal.com).

#### Terms & Conditions:

This report has been prepared by MOFSL and is meant for sole use by the recipient and not for circulation. The report and information contained herein is strictly confidential and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent of MOFSL. The report is based on the facts, figures and information that are considered true, correct, reliable and accurate. The intent of this report is not recommendatory in nature. The information is obtained from publicly available media or other sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. MOFSL will not treat recipients as customers by virtue of their receiving this report.

#### Disclaimer:

The report and information contained herein is strictly confidential and meant solely for the selected recipient and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent. This report and information herein is solely for informational purpose and may not be used or considered as an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments. Nothing in this report constitutes investment, legal, accounting and tax advice or a representation that any investment or strategy is suitable or appropriate to your specific circumstances. The securities discussed and opinions expressed in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient. This may not be taken in substitution for the exercise of independent judgment by any recipient. Each recipient of this document should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the securities of companies referred to in this document (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors. Certain transactions -including those involving futures, options, another derivative products as well as non-investment grade securities - involve substantial risk and are not suitable for all investors. No representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document. The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. This information is subject to change without any prior notice. The Company reserves the right to make modifications and alterations to this statement as may be required from time to time without any prior approval. MOFSL, its associates, their directors and the employees may from time to time, effect or have effected an own account transaction in, or deal as principal or agent in or for the securities mentioned in this document. They may perform or seek to perform investment banking or other services for, or solicit investment banking or other business from, any company referred to in this report. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting the document. This report has been prepared on the basis of information that is already available in publicly accessible media or developed through analysis of MOFSL. The views expressed are those of the analyst, and the Company may or may not subscribe to all the views expressed therein. This document is being supplied to you solely for your information and may not be reproduced, redistributed or passed on, directly or indirectly, to any other person or published, copied, in whole or in part, for any purpose. This report is not directed or intended for distribution to, or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL to any registration or licensing requirement within such jurisdiction. The securities described herein may or may not be eligible for sale in all jurisdictions or to certain category of investors. Persons in whose possession this document may come are required to inform themselves of and to observe such restriction. Neither the Firm, not its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profits that may arise from or in connection with the use of the information. The person accessing this information specifically agrees to exempt MOFSL or any of its affiliates or employees from, any and all responsibility/liability arising from such misuse and agrees not to hold MOFSL or any of its affiliates or employees responsible for any such misuse and further agrees to hold MOFSL or any of its affiliates or employees free and harmless from all losses, costs, damages, expenses that may be suffered by the person accessing this information due to any errors and delays.
