VIP INDUSTRIES

CMP INR441, TP INR530, 20% Upside, BUY, MTF Stock

- VIP and Safari are the leading players in the Indian luggage industry, commanding strong market positions across mass and mid-premium segments. Given these multi-dimensional tailwinds and their established brand equity, Safari and VIP are strategically positioned to expand market share and deliver healthy earnings growth. We initiate coverage with a BUY recommendation, expecting them to capitalize on both volume expansion and value premiumization, supported by effective product, channel, and brand strategies aligned with evolving consumer preferences.
- VIP Industries: Following a series of sharp underperformances, with industry tailwinds and a change in the top management, we expect VIP to be geared up to regain its lost market share, coupled with a sharp improvement in operating margins. We model a revenue/EBITDA CAGR of 11%/45% over FY25-FY28E, driven by volume growth and sharp improvement in margin profile. We initiate coverage on VIP with a BUY rating and a DCF based TP of INR530 (implied P/E of 47x on Sep'27).
