Swiggy

CMP ₹423, TP ₹560, 32% Upside, Upgrade to BUY, MTF Stock

- We raise our Food delivery (FD) growth estimates to 21-23% for FY26-27 (vs. 19-20% earlier). To capture this stronger growth outlook, we now value FD businesses at 35x FY27E adjusted EBITDA, compared to 27x earlier, reflecting not only faster top-line recovery but also improved visibility on profitability.
- On the Quick commerce (QC) side, we bring forward our profitability assumptions for Instamart as easing competitive intensity, moderating dark store expansion, and declining customer acquisition costs have accelerated the path to breakeven. We expect contribution margins to recover meaningfully over the next few quarters.
- The revisions lead to upgraded target prices for Swiggy. We upgrade Swiggy to BUY reflecting the inflection in FD growth and improved unit economics in QC.

Varun Beverages

CMP ₹490, TP ₹620, 27% Upside, Buy, **MTF Stock**

- **Varun Beverages** has incorporated a joint venture company in India, White Peak Refrigeration, to engage in the business of manufacturing visi-coolers and other refrigeration equipment.
- Consumer demand is expected to remain strong, and the company has strengthened its go-to-market strategy by increasing visi cooler placements (up 50% YoY). Management anticipates a better performance in 3QCY25 on the back of a low base and improved weather conditions.
- VBL delivered a stable performance despite the challenges posed by unseasonal rains during the quarter. Going ahead we expect VBL to maintain its earnings momentum, aided by: 1) a scale-up in the international market, 2) strengthening on-ground execution, 3) enhanced product visibility with an increase in the number of visi coolers, and 4) an expanding product portfolio.
