Headwinds persist; earnings to recover in 2HFY26

Margin pressure to continue; treasury gains expected to moderate

- **Credit growth modest; estimate 11% YoY growth for FY26E:** As of 5th Sep'25, systemic credit growth stood at ~10.3% YoY, reflecting demand softness in key retail and corporate segments. Incremental CD ratio stood at ~83% (vs. outstanding CD ratio of ~79%). Pickup in consumption activity, led by GST rate cuts and income tax relief, alongside lower borrowing costs, will drive a gradual recovery in loan demand in 2HFY26. We, thus, estimate growth trends to remain modest over 2QFY26 for our coverage banks, while we estimate full-year system credit growth to sustain at 11% YoY and improve to ~12.5% in FY27E.
- **Deposit growth broadly stable at 9.8%, despite cuts in deposit rates:** System deposit growth was stable at 9.8% YoY in Sep'25, despite the rate cuts. Banks continue to face challenges in mobilizing low-cost CASA deposits, and we expect the same trend to continue in the near term. With recent moderation in policy rates, both SA and TD rates are reduced by banks, which should ease CoF for banks over 2HFY26, thus supporting NIM recovery. We expect deposit growth to remain intact at ~10% YoY in FY26E.
- **Sector NIMs to bottom out in 2Q; expect improvement in 2HFY26:** The impact of the big 50bp rate cut in Jun'25 on banks' lending yields will be fully reflected in 2Q, while the moderation in CoF will happen with a lag. Thus, NIMs are estimated to contract for most banks in our coverage. We estimate sharper NIM declines for **Bandhan Bank, EQUITAS, AUBANK and AXSB, while RBL being the outlier with NIMs expected to improve slightly.** However, deposit repricing is underway, and the phased CRR cut is further expected to support margin recovery in the coming quarters.
- **Asset quality: Unsecured retail (MFI & CC) stress persists, though recovery not far:** We expect unsecured delinquencies to stay elevated even as most lenders hinted at an improving trend in monthly collection efficiencies in MFI. Select segments like micro-LAP, CV and affordable housing have seen stress in select pockets, and we remain watchful on banks' commentary on the overall asset quality outlook. Moreover, with select northern and eastern states witnessing floods, there could be a marginal rise in stress in MFI, micro-LAP and MSME segments. We expect private/PSU banks to report controlled credit cost, while mid-size banks with higher exposure to unsecured/MFI segments are expected to report high provisioning.
- **Estimate 17.7% PAT CAGR over FY26-28E:** For 2QFY26, we estimate NII for our banking coverage universe to decline 0.9% YoY/1.8% QoQ, while PPOp is also expected to decline 5.5% YoY/14% QoQ. We estimate private banks' PAT to decline 7.3% YoY/6.7% QoQ and PSU banks' PAT to fall 7.1% YoY/1.9% QoQ. For our coverage universe, we estimate PAT to decline 7.2% YoY/4.5% QoQ. With earnings gaining traction from 2HFY26, we estimate 17.7% earnings CAGR over FY26-28E.

Private Banks: 2Q earnings to decline 7.3% YoY (3.8% YoY growth in FY26E)

- **For the private banks under our coverage**, we estimate PPOP to decline 2% YoY/18% QoQ and PAT to decline 7.3% YoY/6.7% QoQ in 2QFY26. We estimate ~19.8% earnings CAGR over FY26-28E for private banks.
- **Estimate NII to grow 0.6% YoY/fall 2% QoQ in 2QFY26.** Among large private banks under our coverage, NII growth is estimated at 2.3% YoY (-2% QoQ) for HDFCB and 5.5% YoY (-2.3% QoQ) for ICICIBC, whereas NII is expected to decline by 2.3% YoY/2.9% QoQ for AXISB, 4.2% YoY/0.8% QoQ for KMB, and 2.3% YoY/1% QoQ for Federal.
- Unsecured retail stress shows early signs of easing, but challenges persist in cyclical sectors like CV loans and MSMEs, with credit costs expected to normalize in 2HFY26. Large private banks with more diversified and secured portfolios continue to fare better.

PSU Banks: 2Q PAT to decline 7% YoY (1.0% YoY growth in FY26E)

- **We estimate PSU banks' PAT to decline 7.1% YoY (down 1.9% QoQ) in 2QFY26E**, owing to a decline in NIMs and moderation in treasury gains for most PSBs, barring PNB.
- NII is likely to decline 2.5% YoY (down 1.7% QoQ). **Opex is likely to be under control**, though **treasury gains are expected to moderate** as bond yields remain range-bound with some recent up-moves. The upcoming CRR cut and ongoing deposit repricing should aid medium-term margins.
- **Asset quality outlook stable:** We expect stable asset quality trends for PSU banks, aided by controlled slippages and robust PCR.
- **We estimate PSU banks to report earnings CAGR of 15.2% over FY26-28E.**

Small Finance Banks: NIMs to decline further; credit cost to ease in 2H

- **AUBANK's** 2Q PAT is likely to decline by 14.8% QoQ (down 13.4% YoY) to INR4.9b, due to a decline in margins/other income and elevated credit costs. NII is expected to decline by 1% QoQ (up 2.5% YoY), while NIMs are estimated to decline ~20bp QoQ. The new MFIN guardrails implemented in FY26 are expected to keep growth measured while aiding gradual improvement in asset quality. We expect credit costs to stay high through 1HFY26 before moderating in 2H, as elevated stress in the MFI segment could persist until 3Q.
- **EQUITASB** is estimated to report PAT at INR309m in 2QFY26 after posting a significant loss in 1QFY26. Margins are expected to decline 25bp QoQ to 6.30%. Loan growth is likely to gain traction to 7.3% YoY/4.9% QoQ.

Payments/Fintech: SBI Cards – Margins to expand at calibrated pace; Paytm – Healthy GMV and margin to drive 2Q profit

- **SBICARDS:** Provisioning stays elevated, reflecting persistent asset quality concerns. Loan book is expected to grow ~8.1% YoY in 2Q, though we expect card sourcing/volumes to improve over the medium term. We estimate NIMs to expand at a calibrated pace as festive spending drives healthy growth in the balance sheet. We estimate PAT to grow at 49.5% YoY/8.8% QoQ to INR6b.
- **PAYTM:** Revenue from operations is likely to grow ~5% QoQ (up 21% YoY) to INR20b, while contribution profit is expected to grow 32% YoY to INR11.8b. Contribution margin is expected at 58.7%. We expect a profit of INR1.34b in 2QE.

Top picks – ICICIB, HDFCB and SBI

ICICIB (BUY)

- ICICIB has sustained healthy loan growth with ~15% CAGR over FY23-25, outpacing system growth, led by retail and business banking.
- The bank's focus on retail deposits and lower reliance on wholesale funding has aided CoF moderation. Though margin pressure persists in the near term, phased CRR cuts and easing liquidity should help to stabilize NIM in 2HFY26.
- Deposits grew ~13% YoY in 1QFY26, sustaining its superior liability profile. Despite a softer CASA ratio, strong CA traction and an expected SA revival should further bolster funding resilience. With a healthy CD ratio of 84.8% and a calibrated pricing strategy, we estimate ICICIB to report ~15% CAGR in deposits over FY26-28E.
- ICICIB's robust asset quality is underpinned by prudent underwriting, strong PCR of 76%, and contingent provisions of INR131b (~1% of loans). While retail loan performance is healthy and unsecured NPLs are stable, credit costs may edge up as recoveries moderate. We estimate GNPA/NNPA ratios to remain steady at 1.6%/0.4% by FY27, with normalized credit costs of ~50bp.
- ICICIB is set for top performance with robust loan growth, solid asset quality, and leading returns, with estimated RoA/RoE of 2.3%/16.4% by FY27E. The standalone bank trades at 2.1x FY27E ABV, adjusted for subsidiaries.

HDFCB (BUY)

- HDFCB curtailed its loan growth to 5.4% YoY in FY25 to reduce its CD ratio, but it is now positioned for a stronger expansion, led by CRB, technology, and branch push. We expect loan growth to recover to 9.7%/12% over FY26/27E, with management guiding to outpace industry growth from FY27.
- Deposits grew 14% YoY in FY25 and 16% YoY in 1QFY26, with an 18% incremental market share driven by granular, high-quality liabilities. Despite a lower CASA ratio, easing rates and improving mix should further strengthen its liability profile. We expect CD ratio to decline to 88.9% by FY28E.
- HDFCB is rebalancing toward retail assets and deposits to replace costly borrowings, aiding margin improvement. Despite near-term NIM compression from policy cuts, we estimate margin recovery toward ~3.5% by FY27E, driven by easing funding costs and a better mix.
- The bank maintains the best-in-class asset quality, with GNPA/NNPA ratios of 1.4%/0.5% and strong provisioning buffers (1.4% of loans, highest among peers). Robust underwriting across segments and prudent deployment of stake sale gains should keep credit costs contained at ~50bp over the medium term.
- Operationally, the cost-to-income ratio improved to 32.8%, aided by scale benefits and improved efficiency. The bank continues to invest in tech and talent to drive productivity gains.
- With margin normalization, improved asset quality, and strategic rebalancing, HDFCB is well-positioned to deliver RoA/RoE of 1.8%/14.3% by FY27E. It currently trades at 2.5x FY27E ABV, adjusting for subsidiaries.

SBI: Financial snapshot (INR b)

*Adj for Investment in Subs

SBI (BUY)

- SBIN posted 12% YoY loan growth in 1QFY26, led by Retail (12.6%), SME (19.1%), and Agri (12.7%). Retail loans now account for ~36% of the portfolio.
- With a robust credit pipeline and a conservative CD ratio of 68.9%, the bank is well-placed to deliver credit CAGR of 12% over FY26-28E, ahead of systemic trends.
- Asset quality remained stable, with GNPA/NNPA ratios at 1.83%/0.47% and PCR at 74.5% (91.7% including write-offs). The restructured book remained low at 0.31% of loans in FY25. Credit cost was benign at 47bp and we expect this to remain in the 40-50bp range, supporting a healthy asset quality outlook.
- Deposits rose 11.7% YoY with a CASA ratio of 39.4%. SBIN maintains a dominant 24% market share, and we estimate ~10% deposit CAGR over FY26-28E, aided by a focus on granular retail liabilities.
- NIMs moderated to ~2.9% due to repo rate cuts and are expected to remain under pressure in the near term. However, improved yield management should help maintain NIMs near current levels.
- Digital leadership via YONO and operational efficiencies are driving down the C/I ratio and we expect this to improve to ~49.7% by FY28E.
- SBIN remains well positioned for sustainable growth, underpinned by healthy credit expansion and controlled asset quality risks. We estimate 15% earnings CAGR over FY26-28E, with RoA/RoE expected at 1.0%/15.3% by FY27E. The standalone bank currently trades at 1.1x FY27E ABV.

Banks have changed their SA rates aggressively amid ongoing rate cuts

Most banks have lowered their peak TD rates across maturity buckets.

Large banks continue to carry healthy contingency buffers

Exhibit 9: Snapshot of additional provision buffers as of 1QFY26

As on 1QFY26	Loans (INR b)	COVID/contingent provisions	Floating/additional provisions	Total provisions	As a percentage of loans (%)
AXSB	10,597	118		118	1.1

Details of associate entities of Motilal Oswal Financial Services Ltd. are available on the website at <http://online.reports.motilaloswal.com/Dormant/documents/Associate%20Details.pdf>

Details of pending Enquiry Proceedings of Motilal Oswal Financial Services Limited are available on the website at <https://galaxy.motilaloswal.com/ResearchAnalyst/PublishViewLitigation.aspx>

MOFSL, its associates, Research Analyst or their relatives may have any financial interest in the subject company. MOFSL and/or its associates and/or Research Analyst or their relatives may have actual beneficial ownership of 1% or more securities in the subject company at the end of the month immediately preceding the date of publication of the Research Report or date of the public appearance. MOFSL and its associate company(ies), their directors and Research Analyst and their relatives may have any other potential conflict of interests at the time of publication of the research report or at the time of public appearance, however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report.

In the past 12 months, MOFSL or any of its associates may have:

- received any compensation/other benefits from the subject company of this report
- managed or co-managed public offering of securities from subject company of this research report,
- received compensation for investment banking or merchant banking or brokerage services from subject company of this research report,
- received compensation for products or services other than investment banking or merchant banking or brokerage services from the subject company of this research report.

- MOFSL and its associates have not received any compensation or other benefits from the subject company or third party in connection with the research report.
- Subject Company may have been a client of MOFSL or its associates during twelve months preceding the date of distribution of the research report.
- Research Analyst may have served as director/officer/employee in the subject company.
- MOFSL and research analyst may engage in market making activity for the subject company.

MOFSL and its associate company(ies), and Research Analyst and their relatives from time to time may have:

- a long or short position in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein.
- (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions.; however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report.

Above disclosures include beneficial holdings lying in demat account of MOFSL which are opened for proprietary investments only. While calculating beneficial holdings, It does not consider demat accounts which are opened in name of MOFSL for other purposes (i.e holding client securities, collaterals, error trades etc.). MOFSL also earns DP income from clients which are not considered in above disclosures.

To enhance transparency, MOFSL has incorporated a Disclosure of Interest Statement in this document. This should, however, not be treated as endorsement of the views expressed in the report. MOFSL and / or its affiliates do and seek to do business including investment banking with companies covered in its research reports. As a result, the recipients of this report should be aware that MOFSL may have a potential conflict of interest that may affect the objectivity of this report.

Terms & Conditions:

This report has been prepared by MOFSL and is meant for sole use by the recipient and not for circulation. The report and information contained herein is strictly confidential and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent of MOFSL. The report is based on the facts, figures and information that are considered true, correct, reliable and accurate. The intent of this report is not recommendatory in nature. The information is obtained from publicly available media or other sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. MOFSL will not treat recipients as customers by virtue of their receiving this report.

Analyst Certification

The views expressed in this research report accurately reflect the personal views of the analyst(s) about the subject securities or issues, and no part of the compensation of the research analyst(s) was, is, or will be directly or indirectly related to the specific recommendations and views expressed by research analyst(s) in this report.

Disclosure of Interest Statement

Companies where there is interest

Analyst ownership of the stock

No

A graph of daily closing prices of securities is available at www.nseindia.com, www.bseindia.com. Research Analyst views on Subject Company may vary based on Fundamental research and Technical Research. Proprietary trading desk of MOFSL or its associates maintains arm's length distance with Research Team as all the activities are segregated from MOFSL research activity and therefore it can have an independent view with regards to subject company for which Research Team have expressed their views.

Regional Disclosures (outside India)

This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL & its group companies to registration or licensing requirements within such jurisdictions.

For Hong Kong:

This report is distributed in Hong Kong by Motilal Oswal capital Markets (Hong Kong) Private Limited, a licensed corporation (CE AYY-301) licensed and regulated by the Hong Kong Securities and Futures Commission (SFC) pursuant to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) "SFO". As per SEBI (Research Analyst Regulations) 2014 Motilal Oswal Financial Services Limited (SEBI Reg No. INH000000412) has an agreement with Motilal Oswal capital Markets (Hong Kong) Private Limited for distribution of research report in Hong Kong. This report is intended for distribution only to "Professional Investors" as defined in Part I of Schedule 1 to SFO. Any investment or investment activity to which this document relates is only available to professional investor and will be engaged only with professional investors." Nothing here is an offer or solicitation of these securities, products and services in any jurisdiction where their offer or sale is not qualified or exempt from registration. The Indian Analyst(s) who compile this report is/are not located in Hong Kong & are not conducting Research Analysis in Hong Kong.

For U.S.

MOTILAL Oswal Financial Services Limited (MOFSL) is not a registered broker - dealer under the U.S. Securities Exchange Act of 1934, as amended (the "1934 act") and under applicable state laws in the United States. In addition MOFSL is not a registered investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the "Advisers Act" and together with the 1934 Act, the "Acts"), and under

applicable state laws in the United States. Accordingly, in the absence of specific exemption under the Acts, any brokerage and investment services provided by MOFSL, including the products and services described herein are not available to or intended for U.S. persons. This report is intended for distribution only to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the Exchange Act and interpretations thereof by SEC (henceforth referred to as "major institutional investors"). This document must not be acted on or relied on by persons who are not major institutional investors. Any investment or investment activity to which this document relates is only available to major institutional investors and will be engaged in only with major institutional investors. In reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act") and interpretations thereof by the U.S. Securities and Exchange Commission ("SEC") in order to conduct business with Institutional Investors based in the U.S., MOFSL has entered into a chaperoning agreement with a U.S. registered broker-dealer, Motilal Oswal Securities International Private Limited. ("MOSIPL"). Any business interaction pursuant to this report will have to be executed within the provisions of this chaperoning agreement.

The Research Analysts contributing to the report may not be registered /qualified as research analyst with FINRA. Such research analyst may not be associated persons of the U.S. registered broker-dealer, MOSIPL, and therefore, may not be subject to NASD rule 2711 and NYSE Rule 472 restrictions on communication with a subject company, public appearances and trading securities held by a research analyst account.

For Singapore

In Singapore, this report is being distributed by Motilal Oswal Capital Markets (Singapore) Pte. Ltd. ("MOCMSPL") (UEN 201129401Z), which is a holder of a capital markets services license and an exempt financial adviser in Singapore. This report is distributed solely to persons who (a) qualify as "institutional investors" as defined in section 4A(1)(c) of the Securities and Futures Act of Singapore ("SFA") or (b) are considered "accredited investors" as defined in section 2(1) of the Financial Advisers Regulations of Singapore read with section 4A(1)(a) of the SFA. Accordingly, if a recipient is neither an "institutional investor" nor an "accredited investor", they must immediately discontinue any use of this Report and inform MOCMSPL.

In respect of any matter arising from or in connection with the research you could contact the following representatives of MOCMSPL. In case of grievances for any of the services rendered by MOCMSPL write to grievances@motilaloswal.com.

Disclaimer:

The report and information contained herein is strictly confidential and meant solely for the selected recipient and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent. This report and information herein is solely for informational purpose and may not be used or considered as an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments. Nothing in this report constitutes investment, legal, accounting and tax advice or a representation that any investment or strategy is suitable or appropriate to your specific circumstances. The securities discussed and opinions expressed in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient. This may not be taken in substitution for the exercise of independent judgment by any recipient. Each recipient of this document should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the securities of companies referred to in this document (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors. Certain transactions -including those involving futures, options, another derivative products as well as non-investment grade securities - involve substantial risk and are not suitable for all investors. No representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document. The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. This information is subject to change without any prior notice. The Company reserves the right to make modifications and alternations to this statement as may be required from time to time without any prior approval. MOFSL, its associates, their directors and the employees may from time to time, effect or have effected an own account transaction in, or deal as principal or agent in or for the securities mentioned in this document. They may perform or seek to perform investment banking or other services for, or solicit investment banking or other business from, any company referred to in this report. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting the document. This report has been prepared on the basis of information that is already available in publicly accessible media or developed through analysis of MOFSL. The views expressed are those of the analyst, and the Company may or may not subscribe to all the views expressed therein. This document is being supplied to you solely for your information and may not be reproduced, redistributed or passed on, directly or indirectly, to any other person or published, copied, in whole or in part, for any purpose. This report is not directed or intended for distribution to, or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL to any registration or licensing requirement within such jurisdiction. The securities described herein may or may not be eligible for sale in all jurisdictions or to certain category of investors. Persons in whose possession this document may come are required to inform themselves of and to observe such restriction. Neither the Firm, not its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profits that may arise from or in connection with the use of the information. The person accessing this information specifically agrees to exempt MOFSL or any of its affiliates or employees from, any and all responsibility/liability arising from such misuse and agrees not to hold MOFSL or any of its affiliates or employees responsible for any such misuse and further agrees to hold MOFSL or any of its affiliates or employees free and harmless from all losses, costs, damages, expenses that may be suffered by the person accessing this information due to any errors and delays.
