

MOST Market Roundup

Market Update

Nifty : 26,205.30 +320.50 (+1.24%) Sensex : 85,609.51 +1022.50 (+1.21%)

- The bulls returned to Dalal Street with strong, broad-based buying at the start of the December series, driving solid gains across the market. The Sensex rallied over 1,000 points, and the Nifty climbed more than 1%, ending just under 100 points—or 0.4%—below its record high. Market sentiment was buoyed by expectations of a US Federal Reserve rate cut, along with optimism that the RBI may also reduce rates in its upcoming policy meeting. Additional positive triggers included growing hopes of a Russia–Ukraine peace agreement easing geopolitical tensions, Brent crude falling to a one-month low near \$62 per barrel, and FIIs turning net buyers with inflows of around ₹1,000 crore yesterday.
- The Sensex closed with a strong gain of 1,023 points, or 1.20%, at 85,609, while the Nifty 50 ended at 26,205, up 321 points, or 1.25%. Global markets also posted robust gains. Overnight, the US Dow Jones jumped more than 600 points, while Japan and Taiwan markets surged up to 2.8% as weak US consumer data strengthened expectations of a Fed rate cut in the December 10 policy meeting. Supporting this view, the US 10-year bond yield dropped to a one-month low of 4%, and the US Dollar Index slipped below 100.
- Across sectors, metal, realty, IT, mid-cap, Bank Nifty, and pharma indices advanced between 1–2%. Metal stocks were the top performers, driven by optimism that a potential US–Ukraine peace deal could boost global demand. The Nifty Metal index rose 2%, with NMDC, JSW Steel, SAIL, and Hindustan Copper gaining 2–4%. The Nifty IT index climbed 1.5% on expectations of a US Fed rate cut, while the Nifty Auto index gained 1% on hopes of an RBI rate reduction and anticipation of strong November sales, supported by GST reforms and lower tax rates.

Technical Outlook:

- Nifty index opened on a negative note around the 25850 zone, but bulls took control from the very first tick. Sustained buying emerged throughout the session as the index rallied more than 350 points from the day's low, reflecting strong demand at lower levels. After witnessing a corrective phase over the last three sessions, today's sharp rebound helped the bulls recover all those losses in a single session.
- The index also surpassed key hurdles smoothly and closed near the day's high around the 26200 zone, showcasing the strength of the intraday momentum. The December series has begun on a strong footing, with Nifty negating the recent sequence of lower lows on the daily chart and forming a bullish Marubozu candle. Now it has to hold above 26100 zones for a momentum to extend towards 26277 and then 26400 zones while supports are shifting higher to 26100 and then 26000.

Derivative Outlook:

- Nifty future closed positive with gains of 1.28% at 26390 levels. Positive setup seen in MCX, SAIL, LTF, CDSL, Jiofin, Vedanta, PNB Housing, UNO Minda, Max Financial, Indigo, AB Capital, GMR Airport, Techm, Muthoot fin and Coforge while weakness in Adani Enterprise, PI Industries, Marico, SRF and Dalmia Bharat.
- On option front, Maximum Call OI is at 26500 then 26200 strike while Maximum Put OI is at 26100 then 26200 strike. Call writing is seen at 26500 then 26700 strike while Put writing is seen at 26000 then 26100 strike. Option data suggests a broader trading range in between 25700 to 26600 zones while an immediate range between 26000 to 26400 levels.

Today's News

- **TCS partners with ALDI SOUTH for infrastructure modernisation** - Company has extended its partnership with German retailer ALDI SOUTH to manage its infrastructure and application services, and improve IT operations efficiency.
- **State Bank of India** - Company is confident of meeting its net interest margin guidance of 3 per cent even if the Reserve Bank of India goes ahead with a 0.25 per cent repo rate cut in next week's monetary policy review, according to Chairman C S Setty.
- **PTC Industries** - Reports that India is close to securing \$450 million BrahMos supersonic cruise missile orders in the near future. Source: ANI
- **Engineers India Signs Pact with Dangote for Refinery Expansion** - Company signed an initial pact with Nigeria's Dangote Industries to expand the capacity of its refinery in the African nation. Dangote seeks to expand the capacity of its 6.5 lakh barrels a day refinery to 1.4 million barrels. Refinery expansion is likely to be completed in three years, Aliko Dangote, president of the African conglomerate said during the briefing.
- **Jayant Infratech** - The company has received a Letter of Acceptance from Konkan Railway Corporation for an engineering, procurement, and construction (EPC) contract worth Rs 161.68 crore.
- **Welspun Corp** - The company has filed a Statement of Claim amounting to \$35.5 million to \$43.5 million against Wasco Coatings and Wasco Energy under the Rules of Arbitration of the International Chambers of Commerce, London, regarding its investment opportunity lost in Wasco Qatar, along with other non-monetary claims and/or reliefs.
- **Muthoot Microfin Forecasts 20% Growth In FY26** - Company expects strong growth for the current fiscal ending March 2026, especially having already navigated a period of industry-wide stress. He confirmed that the peak of loan delinquency and over-leveraging concerns are in the past, and therefore, entity such as Muthoot Microfin, could be set for significant operational expansion.

Global Market Update

- **Asian Market** - Asian stocks rose for a third day, buoyed by heightened bets of a Federal Reserve rate cut next month. Japan Index gained 1.8%. Both South Korea and Australia Index surged 1.7% and 0.8% respectively.
- **European Market** - European stocks followed global markets higher as traders raised bets on a December rate cut by the Federal Reserve. UK stocks will be in focus today as UK Chancellor of the Exchequer Rachel Reeves is set to announce a long-awaited budget. UK, Germany and France Index gained up to 0.2%.
- **US Data** - Initial Jobless Claims and Mortgage Application.
- **Commodity** - Oil steadied after closing at a one-month low on signs a Ukrainian peace deal is getting closer, a development that could herald the removal of curbs on Russian crude just as a global glut looms. Brent was near \$63 a barrel.

Details of pending Enquiry Proceedings of Motilal Oswal Financial Services Limited are available on the website at <https://galaxy.motilaloswal.com/ResearchAnalyst/PublishViewLitigation.aspx>. As per Regulatory requirements, Research Audit Report is uploaded on www.motilaloswal.com > MOFSL-Important Links > MOFSL Research Analyst Compliance Audit Report.

MOFSL, it's associates, Research Analyst or their relatives may have any financial interest in the subject company. MOFSL and/or its associates and/or Research Analyst or their relatives may have actual beneficial ownership of 1% or more securities in the subject company at the end of the month immediately preceding the date of publication of the Research Report or date of the public appearance. MOFSL and its associate company(ies), their directors and Research Analyst and their relatives may have any other potential conflict of interests at the time of publication of the research report or at the time of public appearance, however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report..

In the past 12 months, MOFSL or any of its associates may have:

- received any compensation/other benefits from the subject company of this report
- managed or co-managed public offering of securities from subject company of this research report,
- received compensation for investment banking or merchant banking or brokerage services from subject company of this research report,
- received compensation for products or services other than investment banking or merchant banking or brokerage services from the subject company of this research report.

- MOFSL and it's associates have not received any compensation or other benefits from the subject company or third party in connection with the research report.
- Subject Company may have been a client of MOFSL or its associates during twelve months preceding the date of distribution of the research report.
- Research Analyst may have served as director/officer/employee in the subject company.
- MOFSL and research analyst may engage in market making activity for the subject company.

MOFSL and its associate company(ies), and Research Analyst and their relatives from time to time may have:

a) a long or short position in, act as principal in, and buy or sell the securities or derivatives thereof of companies mentioned herein.

(b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions.; however the same shall have no bearing whatsoever on the specific recommendations made by the analyst(s), as the recommendations made by the analyst(s) are completely independent of the views of the associates of MOFSL even though there might exist an inherent conflict of interest in some of the stocks mentioned in the research report.

Above disclosures include beneficial holdings lying in demat account of MOFSL which are opened for proprietary investments only. While calculating beneficial holdings, It does not consider demat accounts which are opened in name of MOFSL for other purposes (i.e holding client securities, collaterals, error trades etc.).

MOFSL also earns DP income from clients which are not considered in above disclosures.

To enhance transparency, MOFSL has incorporated a Disclosure of Interest Statement in this document. This should, however, not be treated as endorsement of the views expressed in the report. MOFSL and / or its affiliates do and seek to do business including investment banking with companies covered in its research reports. As a result, the recipients of this report should be aware that MOFSL may have a potential conflict of interest that may affect the objectivity of this report.

Terms & Conditions:

This report has been prepared by MOFSL and is meant for sole use by the recipient and not for circulation. The report and information contained herein is strictly confidential and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent of MOFSL. The report is based on the facts, figures and information that are considered true, correct, reliable and accurate. The intent of this report is not recommendatory in nature. The information is obtained from publicly available media or other sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. MOFSL will not treat recipients as customers by virtue of their receiving this report.

Analyst Certification

The views expressed in this research report accurately reflect the personal views of the analyst(s) about the subject securities or issues, and no part of the compensation of the research analyst(s) was, is, or will be directly or indirectly related to the specific recommendations and views expressed by research analyst(s) in this report.

Disclosure of Interest Statement

Analyst ownership of the stock No

A graph of daily closing prices of securities is available at www.nseindia.com, www.bseindia.com. Research Analyst views on Subject Company may vary based on Fundamental research and Technical Research. Proprietary trading desk of MOFSL or its associates maintains arm's length distance with Research Team as all the activities are segregated from MOFSL research activity and therefore it can have an independent view with regards to subject company for which Research Team have expressed their views.

Regional Disclosures (outside India)

This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL & its group companies to registration or licensing requirements within such jurisdictions.

For Hong Kong:

This report is distributed in Hong Kong by Motilal Oswal capital Markets (Hong Kong) Private Limited, a licensed corporation (CE AYY-301) licensed and regulated by the Hong Kong Securities and Futures Commission (SFC) pursuant to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) "SFO".
